1. This is an inquiry under section 50A (1) of the Maharashtra Public Trusts Act, 1950 submitted by Reporting Trustees (hereinafter referred to as the 'applicants') for framing a scheme for better and efficient management and administration of the trust namely "**V D SANE'S AYURVEDIC EDUCATION AND AGRICULTURE RESEARCH TRUST**" (hereinafter referred to as 'trust').

2. Present trust is registered under the provisions of Maharashtra Public Trusts Act, 1950 bearing Public Trusts Registration No. E- 20159/Mumbai. Applicant stated that, the said trust was registered dated 22/02/2002 and since there was no change in the trust and the present constitution of the trust need to be specified in more detail with a focus on the present day necessities and also with a focus on finding solutions to the modern age problems. In view of this a scheme had to be framed for the smooth functioning and to manage the day to day affairs of the Trust.

3. The Applicants also stated that the trustees intend to undertake several programs to encourage charitable activities especially in medical field. They also intend to undertake several projects by constructing Ayurvedic College & Hospitals, research centers and dispensaries in future. The trustees were also of the view that the funds of the trust be utilized for these charitable objects only. The Applicant further stated that the trustees intends to diversify the activities of the trust and build a name in the education, medical field and advancement of any other charitable objects of general public utility. It is this social and emotional attachment to this particular Trust, which has induced them to enhance its objects/activities and adopt proper provisions regarding administration of trust by framing

dated 20/04/2015 is on record. Necessary Documents are on record. The applicant has filed his Affidavit in support of the contentions in the application which is placed at Exh. 18 & 19.

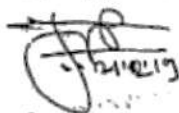

6. As a matter of fact, the trust is running on 07/02/2002 the Deed of Trust which is made at the time of registration. After laps of huge time the constitution has not seems to be effective for proper administration. In such situation scheme is required to be framed for proper administration and better management of the trust.

7. Once it is decided to frame a scheme for the proper management and administration of the trust, the next question arises as to what scheme should be settled. In this respect I have perused the proposed Draft Scheme filed by the applicants is on record at Exh. 04. The objects appear Charitable, Welfare, Social and Medical hence those can be said to be within the ambit of the Act. All the necessary provisions have been incorporated in the proposed scheme which appears consistent with the Maharashtra Public Trusts Act, 1950 and hence, I do not want to interfere in the proposed scheme and accept it in to.

8. The special feature of the scheme is that all the necessary provisions are incorporated in the said scheme which will definitely help the trustees to carry out the day to day affairs of the trust smoothly and efficiently. In the result, the following order is passed.
